

**Tutorial Preliminary Schedule  
October 9, 2003**

9:00 - 9:15 AM	Opening Remarks, Hicham Fenniri National Institute for Nanotechnology & The University of Alberta
9:15 - 10:15 AM	<i>A Top-Down Look at Bottom Up Electronics</i> Mark S. Lundstrom, Purdue University
10:15 - 10:45 AM	Break/Discussion
10:45 - 11:45 AM	<i>Nanostructured Catalysts</i> Susannah Scott, University of California at Santa Barbara
11:45 - 1:15 PM	Lunch (included)
1:15 - 2:15 PM	<i>Implications of Nanotechnology for Energy and Environmental Remediation</i> Thomas E. Mallouk, The Pennsylvania State University
2:15 - 2:30 PM	Break/Discussion
2:30 - 3:30 PM	<i>Self-Assembly Approaches to Nanoscale Materials</i> Steven C. Zimmerman, University of Illinois at Urbana-Champaign
3:30 - 4:00 PM	Break/Discussion
4:00 - 5:00 PM	<i>An Integrated Systems-Oriented Approach to Molecular Electronics</i> Fraser Stoddart, University of California at Los Angeles
5:00 - 5:15 PM	Closing Remarks, Hicham Fenniri National Institute for Nanotechnology & The University of Alberta
